

Making Tax Digital (MTD)

From one annual return... to
multiple submissions a year.

We handle it for you.

makingtaxdigitalforyou.co.uk

Making Tax Digital Made Simple

MTD is coming. The admin doesn't have to be your problem.

For Sole Traders, Landlords & Small Businesses

Stay compliant without the stress, confusion, or time drain.

We handle the process so you can focus on running your business.

MTD Timeline

(When you must comply):

- **April 2026 – Earning over £50k**
- **April 2027 – Earning over £30k**

This means moving from one annual return... to multiple submissions throughout the year.

The Reality of MTD

For many, it's not the complexity that's the issue, it's the ongoing admin.

- Regular submissions
- Digital records to maintain
- Deadlines to manage
- Risk of penalties

For business owners, it's another layer of responsibility. For accountants, it's time-consuming work that adds little value.

Left unmanaged, it becomes a constant drain on time and attention.

A Practical Way Forward

Making Tax Digital For You provides a fully managed service designed to remove the burden.

Delivered in collaboration with experienced accountants...

- **Set you up correctly from the outset**
- **Manage your ongoing submissions**
- **Keep your records compliant and up to date**
- **Ensure deadlines are met without stress**

No confusion. No chasing. No last-minute panic.

Just a predictable, compliant process handled for you.

A compliance-only service designed to be simpler and more cost-effective than traditional accountancy support.

Designed For

- Sole traders who don't want the hassle of managing MTD themselves
- Landlords needing to stay compliant without learning new systems
- Accountants and bookkeepers looking to remove low-value, admin-heavy work

Whether you want full support or just to remove the day-to-day burden, this is built to fit around you.

A Simple Process

Clear. Structured. Taken care of.

Take MTD Off Your Plate

MTD doesn't need to be complicated or time-consuming.

If you'd rather not deal with it, you don't have to.

If MTD applies to you in the next 12–24 months, now is the time to get set up properly, before it becomes urgent and time-consuming.
